## **To whom it may concern:**

The following comments we submitted based on Evan Sangster-Keeley's performance

### **Rob Risek - Art Director**

Evan was a very competent and thorough worker. His assignments were completed with care and in an organised manner. He was able to learn new software quickly and followed procedure properly. Any issue was either brought up to management or resolved by himself.

Our production was very challenging, Evan was able to join the team smoothly and helped new hires with the software, procedure and workload.

### **Pascale Leblanc - Production Coordinator**

Evan's cheerful attitude, professionalism, performance and dedication to quality is second to none! He will be a great addition to any team and I highly recommend him.
